Description of Professional Designations

CERTIFIED FINANCIAL PLANNER® (CFP®)

The CERTIFIED FINANCIAL PLANNER® ("CFP®") certification is granted by the Certified Financial Planner Board of Standards, Inc. ("CFP Board") to individuals who meet rigorous professional standards in financial planning. It is a voluntary certification recognized for its emphasis on education, examination, experience, and ethics. To earn the CFP® certification, individuals must complete certain education and experience requirements; pass the CFP® Certification Examination, which tests the application of financial planning knowledge in real-life scenarios; and agree to be bound by the CFP Board's *Code of Ethics and Standards of Conduct*, which sets forth the ethical and practice standards for CFP® professionals. To maintain their certification, CFP® professionals must complete continuing education requirements every two years, including ethics training. In addition, they must renew their commitment to the *Code of Ethics and Standards of Conduct* and their fiduciary obligations. CFP® professionals who fail to comply with the above standards and requirements could be subject to the CFP Board's enforcement process, which could result in suspension or permanent revocation of their right to use the CFP® marks. For more information, refer to the CFP website at: www.cfp.net.
